

# Elder Lawn Mowing Service

Delaware Nation is offering lawn mowing service to enrolled Delaware Nation elders during the summer months from May to August. To qualify for this service, a Delaware tribal elder must be 60 years of age or older on April 30, 2020. **Only the primary residence** of the approved elder within a 40 mile radius of the Delaware Nation Complex will receive this service. Due to the fact that the Delaware Nation Maintenance staff has other responsibilities, this service will be offered on a first come first served basis and applications are asked to be submitted before 4/30/2020. **All interested Tribal Elders will need to apply even if services were provided previously.** First preference will be given to the elders who are unable to care for their own lawn maintenance due to physical or mental limitations. After the first 15 elders have been approved on a first come first serve basis, all other applications received will be placed on a waiting list. When an opening becomes available the next person on the list will be notified.

Lawn services will be provided to 15 Delaware Nation elders along with the Hall of Fame Museum, Green Tech, and our newest property addition on Petree Road.

Upon approval, elders will be contacted and a date will be scheduled. Due to the high volume of mowing and the limited time available, **Delaware Nation Maintenance Department asks that all yards be free of debris and any other objects that could possibly damage any equipment.** If upon arrival debris is found, a notice will be placed on your door informing you why the lawn was not mowed and you will need to contact the office when the lawn is ready to be mowed. For questions or more information please call Kandess at (405)247-2448 ext. 1195.
