

# Hazard Mitigation Plan – Public Survey

Delaware Nation is updating our Hazard Mitigation Plan. We want your input to help us create this plan!

*Natural disasters can have severe impacts on our people, property and economy. This includes extreme weather events like flooding, tornadoes and wildfires.*

The Hazard Mitigation Plan will help us answer these questions:

- What natural disasters and extreme weather events have happened here in the past?
- What natural disasters and extreme weather events could we see in the future? Which would have the worst impacts?
- How can we protect our community?

**Are you a member or employee of Delaware Nation?**  **Member**  **Employee**  **Both**

**While living or working at Delaware Nation, how have natural disasters and extreme weather events affected you or your family?**

*Examples of impacts may include personal injuries, loss of income, or damage to homes and businesses.*

	Not affected or have not experienced.	Somewhat affected; experienced limited impacts.	Very affected; experienced severe impacts.
Severe Storms (Lightning/Hail/Wind)			
Winter Storms (Ice/Freezing Rain/Snow)			
Flooding			
Tornadoes			
Wildfire			

Extreme Heat Temperatures			
Extreme Cold Temperatures			
Drought			
Dam Failure			
Earthquake			
Expansive Soils			

**Please share any further details about how these events have affected you or your family in the past.**

**When you think about Delaware Nation’s future, how concerned are you about these natural disasters and extreme weather events?**

	Not concerned.	Somewhat concerned.	Very concerned.
Severe Storms (Lightning/Hail/Wind)			
Winter Storms (Ice/Freezing Rain/Snow)			
Flooding			

Tornadoes			
Wildfire			
Extreme Heat Temperatures			
Extreme Cold Temperatures			
Drought			
Dam Failure			
Earthquake			
Expansive Soils			

**What concerns you most about experiencing these types of events in the future?**

**Do you have any thoughts about how we can protect our people and property from these hazards? Is there anything Delaware Nation could provide to help you better prepare for natural disasters and extreme weather events?**

## Is there anything else you would like to share?

If you would like to discuss this or if you have questions, please reach out to Emergency Manager Jaclyn McCasland. You may reach Jaclyn by email at [jmccasland@delawarenation-nsn.gov](mailto:jmccasland@delawarenation-nsn.gov) or by phone at (405) 247-2448 ext. 1173.
